Ø The CO₂ emissions test figures shown in the table do not express or imply any guarantee of the emissions or fuel economy the car in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres. Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO₂ and fuel performance please refer to our Fuel and Performance section.

† Recommended 'On the road' price includes first year road fund licence, DVLA first registration fee and an estimated £25 for number plates.

* Not applicable to retail or private car buyers. BIK values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2019/20 tax year.

PI1D value is the sum of Recommended price + VAT & Number plate charge (£25)

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £310 for Petrol and £320 for Diesel) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £145).

* Not applicable to retail or private car buyers. BIK values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2019/20 tax year. P11D value is the sum of Recommended price + VAT & Number plate charge (£25)

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £310 for Petrol and £320 for Diesel) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £145).

**ST-Line X RRP Includes £150 price increase due to the standardisation of the ST-Line X Red Interior Pack

Fitment of accessories may have an impact on your vehicle's fuel consumption. Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

CO2 & PERFORMANCE

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. Until 6th April 2020, the CO2 figure shown will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the CO2 emissions (NEDC equivalent) figures for each available engine by wheel size. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

Engine	Euro Stage	Trans	Maximum Power PS (kW)	Torque Nm	Wheel Size & Series	CO ₂ Emissions (g/km) Ø	Max Speed (mph)	0-62 mph (secs)	31-62 mph (secs)*

*In 4th gear. ØFord test figures. The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

CO2 & PERFORMANCE

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. Until 6th April 2020, the CO2 figure shown will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty

The table below shows the CO2 emissions (NEDC equivalent) figures for each available engine by wheel size. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

Engine	Euro Stage	Trans	Maximum Power PS (kW)	Torque Nm	Wheel Size & Series	CO ₂ Emissions (g/km) Ø	Max Speed (mph)	0-62 mph (secs)	31-62 mph (secs)*
All figures quoted are for 5-door bodystyle (excluding Active series)

A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

FUEL CONSUMPTION

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the published CO2 figures will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the fuel consumption (WLTP) figures for each available engine on the Ford Fiesta. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are from officially approved tests in accordance with European Regulations (EC) 715/2007 and (EC) 2017/1151 as last amended.

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2019 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £310 for Petrol and £320 for Diesel) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £145).

FORD PROTECT - All New Fiesta

Every new Ford car is protected by a 3 year/60,000 mile Ford Warranty. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in the UK and throughout Europe.

Ford Protect Classic 4th/5th Year Extended Warranties

If you plan on keeping your car for longer than 3 years or are a high mileage driver you can extend your 3 year/60,000 mile warranty to either 4 years/80,000 miles or 5 years/100,000 miles.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Protection against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect Classic extended warranty plans can be purchased any time up until the vehicle's first date of registration

Ford Protect Service Plan

You can also upgrade to a Ford Protect Service Plan giving you the option of scheduled services and extended Ford Assistance.

Features:

- Scheduled Servicing: covers scheduled servicing in accordance with Ford Standard Service Schedules including associated parts and labour, for the number of services applicable to your plan.
The Mandatory Annual Inspection, if applicable to your vehicle and replacement brakefluid (every other year)
- Extended Ford Assistance; roadside assistance in the UK and throughout Europe
- Vehicle Hire; for up to 7 days
- The Ford Protect Service Plan can be purchased any time before the first service is due

Ford Protect Service Plan Plus (High Mileage Users Only)

You may choose to upgrade to a Ford Protect Service Plan Plus giving you the benefits of the Service Plan and also includes a Wear and Tear Plan.

Features:

- All items covered within the Service Plan and in addition:
Brake Pads/shoes/discs; Clutch friction plate; Shock absorbers; Silencers; Wiper Blades; Bulbs
- **Exclusions:** Tyres; Interior trims; glass, seat covers; pads; frames; springs; headrests, seat belts; sheet metals, water ingress, body seals and aerals. Bodywork and paint check and Air conditioning check.
- Ford Protect Service Plan Plus can be purchased any time up until the vehicle's first date of registration

Notes and Conditions

- The length of your plan (and number of services on Service Plan and Service Plan Plus) applies from your new vehicle warranty commencement date, usually the date of first registration
- Time and mileage limits apply to all Ford Protect Plans
- Please contact your nearest Ford dealer for information on service intervals
- It is a condition of Ford Protect Service Plan and Ford Protect Service Plan Plus that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio
- In addition your Ford Service History Log must be kept up-to-date
- Subject to the terms and conditions of the Ford Protect Plans
- These Ford Protect Plans are transferable so it is an added benefit to the new owner if you decide to sell your vehicle
- Ask your Ford Dealer for full details of the Ford Protect Extended Warranty, Service Plan or Service Plan Plus and their associated Terms and Conditions or alternatively call Ford Protect on 03702 416726, Option 2, Option 2, or visit www.ford.co.uk

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within six months, and in any event, as soon as your vehicle is available. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road (OTR) prices and Recommended Retail Prices (RRP), please contact your Ford dealer for final sale prices.

This price list is effective from 1st July 2019 and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
